BITTER RACE WAR IN ATLANTA

MURPHY SAYS HEARST WILL BE NOMINATED

CRIMINAL ASSAULTS BY NEGROES

On White Women Causes Mob to Seek Revenge--Nine Negroes and One Whiteman Dead and Many Injured Will Die

Atlanta, Ga., Sept. 24.—A race war of no mean proportions began in Atlanta Saturday night. Since that time at least ten lives have been sacrificed, and the number of injured will be 40, several of whom cannot recover. At 10 o'clock last night the city was controlled by the police, aided by nearly 1000 state militia. Every part of the town is patrolled by the soldiers, and the authorities seem to have the situation well in hand.

The riot came as the result of numerous and repeated assaults or attempted assaults upon white women by negroes. The last of an even dozen of such assaults within the limits of Fulton county within the last nine weeks came yesterday, when four attempts at assault were reported.

The usual Saturday night crowds were largely increased by men and

Campaign Committee Hopes to Get Part of Each Employee Salary

Washington, September 24.—Sidney Biebur, who opens the contribution bureau for the Republican national committee, says if government officials want to contribute there will be no refusals of cash. It is difficult to legally solicit from employees, but he hopes to get five per cent from each one's salary. Corporation contributions are insignificant, and the committee is hard up.

One car, half filled with negroes, approached from an outside run. The mob dashed at it, and resistance was made by the negroes, who had not been apprised of the trouble. Three negroes lay dead on the floor of the car when it was permitted to move on, and two more were beaten into unconsciousness.

In the fighting last night, negro women were the most warlike, urging resistance of the mob, themselves fighting like amazons.

The lawless character of the mob was fully demonstrated during the latter part of the evening. When negroes had vanished from the street the mob, from pure wantonness, broke windows and damaged property.

It was a night of terror to hundreds of persons in the residence districts, which were practically without protection, all the police force being centered down town.

Atlanta, Ga., Sept. 24.—All saloons are closed, and will remain so until the danger from rioting is over.

Hanged by a Mob.
Atlanta, Ga., Sept. 24.—Early this morning a mob of 200 broke into the jail at East Point, a suburb, took out the negro Seeb Long, arrested Sunday for carrying a loaded rifle, and strung him to a telegraph pole. City troops are in control, and the city is now quiet.

Atlanta, Sept. 24.—Authorities, feeling that the danger is passed, this afternoon withdrew the street patrols of soldiers, but ordered the men to assemble at 6 o'clock tonight to re-establish patrols through the night. One company has been taken to Macon, where trouble is anticipated.

Atlanta, Sept. 24.—Reports of two more attempted assaults on white women by the negroes were made to the police this afternoon, and may result in more fighting tonight. The whites have heard the negroes are holding a mass meeting, and secretly planning for retaliation and defense.

VALENCIA VICTIMS BURIED.

Unidentified Dead Interred With Impressive Ceremonies at Seattle.
Seattle, Wash., Sept. 24.—The remains of 13 unidentified victims of the ill-fated steamship Valencia, which went to pieces off the coast of Vancouver Island, near Cape Beale, on January 23d of this year, were interred Sunday afternoon in Mount Pleasant cemetery after impressive ceremonies at the Grand Opera house. Prominent clergymen presided and representatives of the labor unions and a detachment of 70 police escorted the bodies to the burial grounds.

Society Girl's Stage Debut.

Toronto, Sept. 24.—Miss Josephine Smart, a New York society girl, will make her first public stage appearance at the Princess theatre tonight under the stage name of Josephine Drake. It is a remarkable fact that Miss Smart, who has never studied for the stage and has never even taken active part in amateur theatricals, will make her stage debut as the leading woman of Lawrence D'Orsay in "The Embassy Ball." The young star, who will play the part of Madge in Augustus Thomas' comedy, was accidentally discovered by Mr. Daniel Frohman.

When Miss Smart was returning from Europe last summer, Mr. and Mrs. Daniel Frohman were among her fellow passengers. One day Mr. Frohman suggested her going on the stage, but Miss Smart thought the idea absurd, as she had never attempted anything of that kind. The subject was brought up again and Miss Smart began to study Shakespeare. Mr. Frohman coached her in throwing her voice, but there were no elocution lessons. Last spring Mr. Frohman asked Miss Smart to study the part of Madge in "The Embassy Ball." He said the character seemed to suit her, as the heroine is a highbred and independent American girl with a sense of humor. After Miss Smart had studied for several weeks she went to the Lyceum theatre to rehearse with Mr. D'Orsay. Mr. Frohman watched the rehearsal from a stage box. After Mr. D'Orsay's last line he turned to Miss Smart and said:

"You are letter perfect, Miss Smart." Miss Smart, mistaking his drawl for a patronizing tone, swung about.

"Is that really true, Mr. D'Orsay?" she asked, cuttingly, and walked toward the wings. Mr. Frohman stood up in the box and called to her.

"You've got it, Miss Smart; you've got the part. Any one who can say 'Is that really true?' in that tone will be an actress." Thereupon a contract was signed for two years.

Dr. N. M. Murphy.

Marshfield, Sept. 24.—(Special)—Dr. N. M. Murphy, a well-known medical practitioner, died here this morning, after a protracted illness, the immediate cause of his death being a hemorrhage. He leaves many friends, and will be remembered as a graceful writer on the Oregon press under the pen name of "Michel Liber." He leaves three relatives in this city, Mrs. George Patterson and the Misses Bertha and Mary Grills.

TAMMANY WILL GIVE SUPPORT

Makes Combine For the Purpose of Getting All the Offices Except Governor and Lieutenant Governor

Buffalo, N. Y., Sept. 24.—Murphy today declares for Hearst, and greatly improves the latter's chances.

Buffalo, N. Y., Sept. 24.—Murphy this afternoon said: "We don't care for Hearst, but think he can win. If he does he will carry into office a lot of good Democrats. The Independents will nominate Hearst for governor and Lewis Steyvesant Chanler, who is a good Democrat, any way, for lieutenant-governor, and we get the rest of the ticket." The Erie company has been promised that their man will be nominated comptroller of the county, and they stand for Hearst with 20 of the 27 votes.

Buffalo, Sept. 24.—Murphy's declaration is taken to mean that he expects to deliver the Tammany vote to Hearst and Chanler. He said "It is Hearst and victory, or anybody else and defeat."

STEAL COAL LAND

Greater Land Frauds Than Were Perpetrated in Oregon Discovered

Salt Lake, Sept. 24.—Chas. A. Prouty, of the interstate commerce commission, opened the investigation in the federal court today of the coal holdings of the Union Pacific, and its discrimination in rates. W. H. Bancroft, general manager of the Oregon Short Line, and General Freight Agent Reeves denied rate discrimination. Robert S. Spence, a land lawyer, of Evanston, Wyo., furnished some interesting testimony, showing the Kemmer Coal Company and the Diamondville and Union Pacific Coal Companies had acquired valuable coal lands under the agricultural land act, and, in conjunction with the railroads, which raised the rate, froze out competitors. He testified that 40 oil companies, incorporated in Wyoming, which had pushed the development of wells, were forced to abandon the same on account of the Union Pacific declining to make a rate thereon.

TEDDY IN THE FIGHT

Saratoga, N. Y., Sept. 24.—Higgins today refused nomination for re-election as governor.

Upon the definite refusal of Higgins to run friends of Bruce hastened to fix his fences. Other candidates are rushing for their tool boxes. Hughes' friends think he is bound to win, having the sanction of the President. It is denied that presidential influence is being exerted, but every stroke of the post hole digger strikes the "big stick." It is believed the "big stick" will begin to swing if the contest gets ominous. The battle between the city and the "up state" delegates to the point of disruption will result only in bringing Roosevelt into the fight.

URNS GOMPERS DOWN

Chicago, Sept. 24.—The Industrial workers of the World today denounced Gompers and Mitchell as "reactionaries," and declared themselves against Gompers' political propaganda. They said if Gompers wants their support he must go to them and adopt their ideas.

Tempest in a Teapot.

Oyster Bay, Sept. 24.—The President, from his private purse, contributed \$100, and sent it to Admiral Thomas. He directed it to be used in the suit to be instituted by enlisted men of the navy at Newport to determine whether a man shall be excluded from public places of amusement because he is wearing the uniform of the army or navy. The President expresses a contempt for any one so excluding them.

Will Levy a Fine.

Washington, Sept. 24.—The comptroller of the currency today announced that hereafter he would collect a fine of \$100 per day from each national bank failing to report its condition within the prescribed five days after the call for the statements was issued.

Two Grim Love Letters.

Warsaw, Sept. 24.—It has just become known that General Skalon, the governor of this city, has received a letter warning him that he had been condemned to death by the revolutionists. The circumstances of the warning are quite interesting and romantic. The general is on terms of close intimacy with his chief of staff, Councillor Jatschewsky. Both men are ardent admirers of the fair sex. A few days ago the general received a scented note in a lady's handwriting, requesting him to hand an enclosed letter to his chief of staff. The writer explained that she feared the note if sent direct, might fall into the hands of some lady of addresser's household. The general suspecting a love intrigue, was much amused, and immediately sent for Jatschewsky, who, strange to say, reported having received an exactly similar letter with an enclosure for General Skalon. The two enclosures were then compared. They were identical, and announced that sentence of death had been pronounced upon them both by the revolutionary committee.
